Net Usable Acres	17.77
Grade Levels	7-8

A. CRITICALLY OVERCROWDED SCHOOLS PROJECTS

Identify all projects that received a preliminary apportionment from the Critically Overcrowded Schools (COS) Program which will relieve the eligible applicant school. Using data from the Form SAB 50-08, Application for Preliminary Apportionment, enter the application number, project name, and number of qualifying pupils assigned to each project. Use additional sheets if necessary.

B. NEW CONSTRUCTION PROJECTS

Identify all new construction projects that will relieve the applicant school. Under the column identified as "Type," use "SFP" for projects funded in total or in part via the School Facility Program. Identify projects that will relieve the applicant school project that have received a State Allocation Board apportionment and that have not yet been occupied as of the 2005-06 California Basic Educational Data System (CBEDS) Enrollment. For locally funded projects, enter "Local" in the "Type" column. The projects identified should be those that signed construction projects and that have not yet been occupied as of the 2005-06 CBEDS Enrollment. Use additional sheets if necessary.

C. TOTAL OVERCROWDING RELIEF GRANTS PUPIL ADJUSTMENT

Enter the total number of pupils, that require an additional adjustment to Sections A and B. Provide a narrative on a separate page. The total pupil adjustment is the total number of pupils from COS projects (Section A) plus the total number of pupils from new construction projects (Section B) minus the total number of returning pupils (Section C). If the total adjustment is negative, then the total pupil adjustment is zero.

	Grades K-6	Grades 7-12
Total Pupils from Critically Overcrowded Schools Projects	0	0
+ Total Pupils from New Construction Projects	23	0
= Subtotal	23	0
- Other Adjustments (Provide Narrative)		0
= Total Adjustment	23	0
